RANDY HOPPER

Didn't Pay State Income Taxes for Nine Years!

While we're paying our fair share of taxes, **RANDY HOPPER** used tax loopholes to avoid paying state income taxes for years. Now, we pay Randy Hopper to serve as our State Senator. It's not right.

✘ **UNFAIR:** Hopper paid no state income taxes – on either his business or personal income – from 1997 to 2005.

[Fond Du Lac Reporter, 10/24/08]

✘ **IRRESPONSIBLE:** Hopper voted to raise taxes on working families and seniors by \$70 million at a time when working families are fighting to stretch every dollar in a bad economy.

[2011 AB 40]

✘ **RECKLESS:** Hopper voted for massive tax breaks for big corporations and the rich that will cost Wisconsin \$2.3 billion over 10 years. Meanwhile, he also voted for a budget that cuts everything from health care to education for middle-class families.
